WEST OF ENGLAND MILITARY VEHICLE DRIVING COMPETITION

This competition is a time trial around a carefully designed obstacle course in the arena. It's not about speed it's about driving skills. There will be different classes (to be announced) to accommodate different vehicles from Jeeps to tracked vehicles. There will be CASH prizes for the top three winners in each class; with a special prize for champion of show. The heats will be on Saturday with the finals and presentations on Sunday.

Your mission, should you choose to accept it, will involve you leaving our simulated landing craft and navigating around the course incurring as few penalty time points as possible. Obstacles will be based on Wartime scenarios and will test your driving skills to the max. Of course we will not include anything that could potentially damage your vehicle. Each class will be briefed and walked through the course at the start of the day. Spaces may be limited and are open to all military vehicles to date.
